People, we've got people . . . Miles and miles of people . . . people doing things, saying things, whispering . . . people doing nothing, saying nothing, just being people. People smiling, people laughing, people sneering . . . people reflecting, doubting, pondering . . . people just being people . . .

People Being People

People being people involves . . . school . . . lunch . . . tests . . . pep rallies . . . homecoming . . . lockers . . . games people play . . . teacher's talent show . . . Almost Anything Goes . . . trip to Europe . . . Honor's Day . . . Mid-term Graduation . . . Honor Graduates . . . Senior Honor's Night . . . graduation and the final days.

People being people at wacky parties, at homecoming, at funfilled pep rallies, and during the thrill of victories at sporting events (sometimes the agony of defeat) . . . all went into the making of a Bogalusa High School student's life. Variety is the spice of life, and BHS had plenty of it. Homecoming 1981 brought a surge of spirit to the student body. The teacher's talent show gave the faculty and staff a chance to display their abilities and express themselves through their performances. "Almost Anything Goes" added to the rivalry among the classes. Pep rallies were a time when Jack fans could release all the spirit they had stored in them and show others what spirited people the Lumberjacks really were. The band, chorus, cheerleaders, and paperdolls entertained us. Our favorite fast-food hangouts satisfied our hunger. Honor's Day provided a time for all underclassmen to be recognized for their outstanding achievements. Graduation severed the last ties of the seniors with BHS and fulfilled every senior's dream. A Lumberjack didn't have to worry about fitting in, because students at BHS were people being people.

People Competing

People competing involves . . . football . . . B-Jacks . . . Junior Jacks . . . Boys' Basketball . . . Girls' Basketball . . . Track . . . Baseball . . . Tennis . . . Golf . . . banquets . . . Sports People Play.

People in competition at BHS made new friends and new enemies, but they won with style and lost some heartbreakers with dignity. Lumberjacks competing against those "other" teams from those "other" schools and winning was the main goal for the BHS students involved in playing football, basketball, baseball, track, tennis, and golf.

Competition is not for everybody, though. The majority of the people are involved in "outside" sports, such as skating, playing pinball, shooting pool, swimming, hunting, dancing, jogging, or just mastering the Rubik's cube. They don't gain any school recognition for the games they play. But they have each other and they're a team. People in competition sometimes win and sometimes lose. Whatever the case may be, they enjoy the sport they play. They are people being people—people competing.

Horizon Cabinet . . . Wa Can Ki Ya . . . Panda . . . Tanda . . . Navaho . . .

"People involved" were the key words for BHS's network of clubs, societies, and staffs in 1982. Money-making projects, worthwhile goals, and overall common interests tied group members closer together. Whether the end results were for the betterment of BHS or the satisfaction of club members, each organization became involved within itself and with other school organizations. People being people—people involved.

People Helping People

Music, literature, club activities, and study were all part of a well-rounded academic life at BHS. Departmental clubs, such as the French and Spanish Clubs, added depth to the school's background in foreign language. The band and chorus were our additions to the world of music. Term papers, science projects, mathematical analyses were all necessary for the awakening of the mind to new ideas.

But someone had to set the goals and had to make the challenges. WHO? Teachers. Teachers told us the meaning of "Reagonomics"; teachers explained the use of a participial phrase; teachers showed us how to prove a theorem; teachers described the process of evaporation. Teachers set the academic goals and challenges, and we followed.

While teachers were setting the academic goals and challenges for us to follow, some very important individuals were making guidelines for us to go by. The administrators, namely our principal and assistant principals, governed us with authority and, at the same time, friendship.

Librarians, office secretaries, and custodians added the finishing touches to academics at BHS. Librarians were there with all the books of knowledge; secretaries performed office duties with importance on organization; and custodians provided necessary assistance to the everyday classroom routine.

The variety of courses, clubs, and academic activities at BHS meant that there was something for every person. People being people—people helping people.

People Working

People working involves . . . Senior Class Officers . . . Senior Class Advisory Board . . . Girls' and Boys' State . . . Hall of Fame . . . Seniors, seniors, and more seniors . . . Junior Class Officers . . . juniors . . . Sophomore Class Officers . . . sophomores . . . Freshmen Class Officers . . . and last, but not least, freshmen.

The people known as seniors were representations of twelve sometimes long, yet exciting, years of school. The seniors were easily recognized by their eagerness and their ability to get things done. . . . juniors were known for their class spirit and enthusiasm. Purchasing class rings and studying, showed the juniors that the end of the line was almost near. . . . sophomores portrayed the typical lifestyle of people who are caught up in the middle of things. However, after a few months of wandering, they then felt comfortable just being "right in the middle." . . . freshmen were young, witty, but most of all confused! The collage of new friends, new teachers, new surroundings, and a new schedule combined to totally overwhelm the freshmen.

But above all—the classes were people being people—people working.

People In The News

They come in different shapes and sizes, some leaders, some followers, all people; and in 1981-82, these people made the news.

President Reagan began to cut come government spending, and thus introduced to an inflation-conscious country the term, Reaganomics.

It was the wedding of the decade, if not the century, as Britain's Prince Charles and Lady Diana Spencer were married on July 29.

The U.S. made a giant leap toward interstellar space travel with the successful flight of the first reusable space shuttle, Columbia.

The names may change, but the types of music people listen to will stay the same. This year was a matter of something borrowed. It was a year of marking time until something better comes along. Best-selling singles were Kim Carnes's Grammy Award winning song, "Bette Davis Eyes"; Lionel Richie's "Endless Love" from the movie of the same title, and Olivia-Newton John's "Physical", which added to the exercise craze.

Tragedy struck the celebrity world with the deaths of valued performers. Dallas cast and fans mourned Jim Davis, better known as Jock Ewing. Unanswered questions surrounded the drowning of Natalie Wood and death of William Holden.

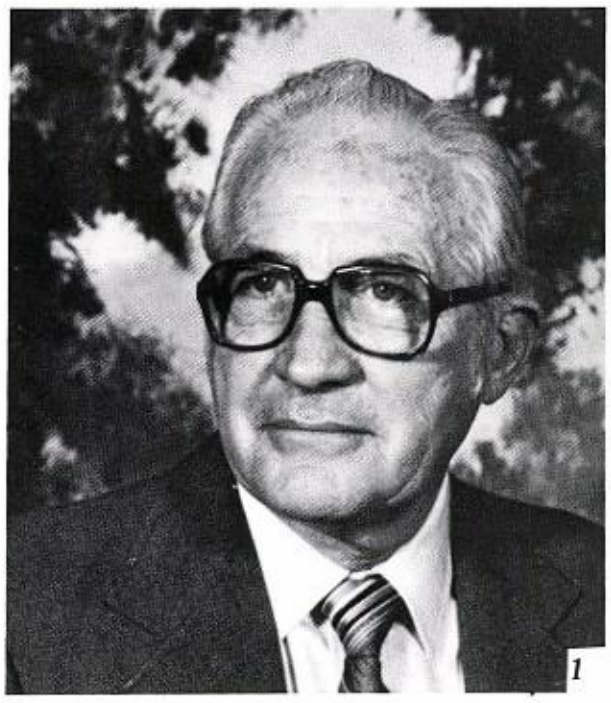
And comedy lost a prize comedian when John Belushi overdosed on drugs.

Locally, we had our own people making the news. The Bogalusa School Board tossed around the idea of a four day school week, while trying to weigh the alternatives to the solution of our school budget problem. We began to feel a little of the pressure they were going through when we were asked to cut down on our electricity usage.

Mr. J.L. Bickham, superintendent of the school board, announced his retirement. He was very beneficial to Bogalusa's city schools and will be greatly missed.

February was not just a month for valentines; in Bogalusa it was assuredly the month for Mardi Gras madness. The second annual Krewe of MCCA parade rolled through the streets of the city in all its decor and pagentry to prove that Bogalusa can have and enjoy Mardi Gras.

Many other people made the news in 1981-82, and many more people will make the news in the years to come. But whatever the case may be, poeple have and always will be themselves.



1

2

1. Superintendent J.L. Bickham retired after 37 years with the Bogalusa High School system. 2. One of the many spectacular events of the year was the grand wedding of Prince Charles and Lady Diana. 3. Our school board members made many difficult decisions. 4. In the news quite frequently was President Ronald Reagan and his Reagonomics. 5. In the lime light locally were MCAA maids and their Queen Mrs. Shanny Thigpen.

Nobody Can Do Without It!

The six minutes between classes were, to say the least, a breath of fresh air. The quick break was just long enough for some people to talk to their friends before settling down again to work. But for others, the six minutes was hardly enough time to make it to their next class. Reaching one's destination was like trying to go up a waterfall. Sometimes it was easier just to flow with the current (even if one ended up in the art room when one needed to be in the gym).

Many people used the extra six minutes to smoke, or touch-up their make-up before their next class. Others used the time to get a coke or to talk about grades with their teachers. A few people used their time to study for tests or to do homework that should have been done the night before.

Teachers also had to get out once in a while, if for nothing else than just to see if there was a world outside the four walls of their classroom.

But no matter how the break between classes was viewed, everyone agreed that nobody could have done without it.

With just forty minutes for lunch, students have to use their time wisely. Most just grab a hamburger and coke at the local fast food joint, while others eat in the school cafeteria. Still students find time to play the video games, to do last minute homework assignments and to catch up on the latest gossip.

Piping hot pizza is good at any time, but some diet-conscious students like the salad bar at lunchtime. 4. Some students, like Lloyd Statham, use the lunch period for leisure time. 5. Chav Pierce shows his favorite lunch hang-out. 6. Now that the lunch period is almost over, these students catch up on some gossip before heading to class. 7. Eric McClain and Orlando Lundy won the two-on-two basketball games, which were sometimes held during each lunch period. 8. Enjoying her fast-food french fries is Mary Fendlason. 9. Because sometimes there just isn't enough time, Amy Branch prepares her burger on the way back to school. 10. Finishing up their quick lunch are Durie Alford and Dean Thomas. 11. Action Intense In The

Bogalusa Lumberjacks participated in spring football scrimmages between Bogalusa, Pine and Varnado. The scrimmages were simply a change of pace for each team. Instead of hitting their own teammates, the players got a chance to knock heads with someone in a different uniform.

Play was controlled scrimmage. It consisted of each team facing the other in a 12 play open field (from opponents 45 yard line) series, and a 12 play goal line (at the 10 yard line) series. Coaches were on the field with the players at all times.

Controlled scrimmage or not, the hitting was intense. All three teams showed they were not afraid to sacrifice their body to stop an opposing player. It was the type of gutty performance that would see a ball carrier look like he was stopped by a brick wall, see him smile, bounce up, and do it all over again.

When it was over, it was Coach Geary McKenzie's Wildcats who once again claimed spring-time bragging rights.

The Jacks proved a much harder task for the Wildcats. The Jacks effectively shut down the Cats' running attack forcing the Cats to go to the air for the scrimmage's only score. Bogalusa gave the Cats a bit of their own medicine when the Lumberjack offense took the field. Quarterback Orlando Lundy showed he could scramble out of trouble when he was seemingly trapped behind the line, but managed to pitch the ball to running back Bruce Plummer. Plummer scampered 40 yards before being stopped by Varnado. The 12 play limit stopped the series before the Jacks could score.

Overall, Bogalusa looked remarkably disciplined for a team having only had five days of practice. The Jacks looked big. They moved the ball well, both out of the "I" formation and utilizing the split backfield. A weakness, however, would seem to be the right side of the defensive line.

Junior varsity action saw an extremely larger B-Jack team beat smaller, but scrappy, Wildcat and Raider jv teams. The B-Jacks beat Varnado 18-12 and beat Pine 12-6.

1. During the scrimmage Coach Murray tentatively watches the Jacks against the Pine Raiders. 2. "Man, don't we look good tonight?!" 3. The controlled scrimmage showed coaches and players their strengths and weaknesses. 4. These Jacks take a break from play to watch the j.v. teams. 5. Sideline cheering prompted the Jacks to better play. 6. Coaches analyze the effectiveness of their plays. 7. The Lumberjack offense proved that they could scramble out of trouble.

Where else in the whole world would you be able to scream, holler, and act totally insane and not be sent to an institution. You guessed it! Where else besides a Bogalusa pep rally.

In this thirty minutes of craziness, held every Friday at the end of school, you will be able to see the cheerleaders cheer and the paperdolls dance; you will be able to hear the band play and Coach Murray give pep talks; and you will be able to participate in something that will make you wish football season lasted all year long. And of course, each class has a chance to win the Ax. Our ingredients for a great pep rally consists of a shake of spirit, the rattle of the crowd, and a roll of the drums.

1

1. Cheerleader captain, Elizabeth Klimczak, shows the school that she loves the Jacks. 2. Freshmen knew how to show their spirit. 3. David Knight and Louie Harris encourage the crowd about the up-coming game. 4. The Lumberjack's motto during play-offs. 5. Cheerleaders show their stuff at a pep rally. 6. The football players give it their best shot at the pep rallies. 7. If this is what can happen every time we beat Covington, lets win every year. 8. The Lumberjacks walk across the stage after the pep rally. 9. Jacks are #1 in everyone's hearts.

Homecoming—A Spirit Explosion

Homecoming 1981 brought a surge of spirit to the BHS student body. It was a special time when the words "Alma Mater, we adore thee, we will ere be true." Brought students closer together and made them realize the importance of those words in their school song.

Students showed their enthusiasm for this special event by spending many hours perfecting cars, floats, and spirit tags. Their work was not done in vain, however, as the annual homecoming parade became a memorable success. Afterwards, at the bonfire, spirits surged even higher as students cheered for the Lumberjacks and Homecoming, itself.

The next night all questions were answered. BHS Lumberjacks completely dominated the football game, running up a 20 to 0 lead before the national anthem had died down and the Homecoming court had been comfortably seated. Yes, even though cloudy skies graced the homecoming celebration, nothing rained on our parade, and history was made as the Lumberjacks defeated the Live Oak Eagles.

Homecoming 1981 was special to many people. Memories were made and somewhere kept in the high school book of treasures.

1. Usually, on the night before the parade, the students stay up till all hours of the night, preparing for the "big event". The winners of the 1981 Homecoming Parade were as follows: 1st place, TORCH; 2nd place, 4-K and BTS; 3rd place, AST. BTS is shown in their winning car. 2. The Ag department showed their homecoming spirit during the parade. 3. Key Club played a major role in the Homecoming activities by building the bonfire. 4. A Time Of Mixed Emotions

Graduation exercises for the class of '82 were held May 25, 1982, in the BHS stadium. With high spirits and robed in black, the seniors marched to "Pomp and Circustance". It was a day of laughter and a day of tears. The long, awaited graduation was now a reality. Seniors were happy, as well as proud, of their accomplishments in high school. They had finally accomplished what their parents had started over twelve years ago when they first brought them to school; the class of '82 now had an education.

Addressing the audience were Salutatorian Melinda Sorrell and Valedictorian Kim Mizell. For the last time, retiring Superintendent J.L. Bickham presented the diplomas.

The Class of 1982 voted black and gold as their class colors. The class flower was the yellow rose. The class motto was. "Our memories lie deep within—Now we have a new life to begin."

1. "You mean I can't wear my tennis shoes?! 2. Everything seems perfect for Christi David and Gina Knight. 3. Graduates march to the stadium. 4. "I can't believe this is finally it." 5. The Final Days

The final days . . . memories. They can never be fully captured in the pages of a book, but they are permanently etched in the minds of each Bogalusa High School senior of 1982. It is the quality of these memories that's important, not the quantity. They ways in which we allow the quality of our education to enrich our lives is much more important than the number of courses taken or how many actual facts that are remembered.

The package of memories held in our thoughts is priceless. In the package are the days when we wished we had stayed in bed after failing a mind-boggling test. The senior memories of 1982 are one of a kind item, designed by the seniors, so that one can never be duplicated. These memories bear the BHS style that stands for undeniable quality and individuality.

1. Seniors will always treasure their memory books. 2. Graduation is a special time. 3. Friends of the graduates congratulate them before they make the final march. 4. The final march onto the field. 5. Mrs. Butler and the chorus sing "Climb Every Mountain" for the 1982 graduating class. 6. What do we do now?

Jacks Pound Tors

BHS 34 HHS 0

Bogalusa did an outstanding job tying up the Tornadoes 34-0. The Jack's defense turned in a four-star performance, which held the Tors to 14 total yards in the whole game. Among other things the Jacks defense:

—held Hammond without a first down until the third quarter.

—sacked the Tor quarterbacks nine times for 65 yards in losses.

—gave up just 14 yards.

—forced four turnovers.

Lest, we forget, the Bogalusa offense turned in an outstanding performance. Particularly sharp was the passing game, featuring quarterbacks Albert Oatis and Orlando Lundy throwing to gifted receivers such as Rogie Magee, Louie Harris and Mark Bennett.

Curtis KO's Jacks

BHS 18 JCHS 27

The Jacks came within two plays of defeating John Curtis. The Patriots came into the game with a 35 game winning streak. The two plays which beat the Jacks, were the 70 yard punt return and the 95 yard kick-off return, both for TDs. Despite the fact that BHS had the better of it rushing and passing while rolling for 11 first downs in the second half to just 3 for Curtis, the Patriots made the big play when it was needed. Most of Bogalusa's offense was directly attributable to Oatis as he connected on 17 of 33 passes for 222 yards and all three of his club's TD's. Rogie Magee caught 7 passes for 120 yards and 2 TD's.

Jacks Tame Lions

BHS 21 CHS 20

The BHS Lumberjacks, who seemed dead at halftime, rose from the ruins in the second half to whip the mighty Covington Lions 21-20. During the first half, Covington's defense had beaten Bogalusa's offense to a pulp in holding the Jacks to just one first down and 16 yards. With 11:08 left in the game, B. Plummer scored from 3 yards out for a 13-12 advantage. Covington immediately answered, scoring on the first play following the kickoff, giving the Lions a 20-13 lead. Then with just 4:30 on the clock, Oatis capped a clutch 70-yard drive by passing 7 yards to Stanley Pigott. Covington came back, but Plummer ended the last Lion's drive with an interception.

Monkey's Miracle

BHS 17 AHS 16

Mike "Monkey" Murray kicked a dramatic 27-yard field goal with only 40 seconds left in the game to give the Jacks a miraculous 17-16 triumph over the Amite Warriors. On their first possession, the Jacks moved 69 yards behind the running of Murray. Oatis capped the march by passing 11 yards to Harris for a TD. Later in the second quarter, Oatis passed 16 yards to Plummer who sneaked a yard for a touchdown making the score 14-0. Amite quickly countered with a TD to make the score at half-time 14-8. The Warriors went ahead in the third quarter with a TD and a 2-point conversion. The Jacks moved 91 yards. A 63 yard pass from Oatis to Harris put Murray in the position to win it.

Skippers Bow

BHS 36 MHS 0

The Lumberjacks beat the Mandeville Skippers to the tune of 36-0. Bogalusa jumped out to a 28-0 lead at the half and had things pretty well in control the rest of the way. In the first quarter, Tommy Leos pounced on a fumble. Two plays later, Oatis hit Harris with a 55-yard scoring pass. In the 2nd quarter, Oatis hits Wes Crain on a scoring pass for 46 yards. The 2-pt. conversion to Murray was good. BHS stretched its lead to 21-0 when Harris gathered in a punt at his own nine, and went 91 yards for a TD. In the 4th quarter, Clay Foreman jumped on a Mandeville blocked punt in the end zone to give the Jacks a 34-0 lead. Oatis passed to Murray for the 2-pt. conversion and a 36-0 lead.

Eagles Fall

BHS 36 LOHS 0

Under threatening skies that mercifully sprinkled only a light mist, the Bogalusa Lumberjacks celebrated homecoming with a 36-0 win over the Live Oak Eagles. Bogalusa completely dominated, running up a 21-0 lead before the homecoming court had been comfortably seated. The Lumberjacks scored on its first four possessions enroute to a 28-0 halftime lead. Bogalusa rushed for 335 total yards of offense. Stanley Pigott was the leading rusher for the Jacks with 54 yards. Both the offensive and defensive teams for the Jacks turned in fine performances all night as Live Oak was just outclassed.

Jacks Coast to Runaway

BHS 50 PHS 0

It all came easily for the Lumberjacks. In the first quarter Bogalusa drove to the Ponchatoula 20 before turning the ball over. Two minutes later Oatis hit wide receiver R. Magee with a 44-yard scoring pass. Then 50 seconds in the first quarter, Oatis hit S. Pigott with a 9 yard TD pass. Oatis hit W. Crain with a 51-yard scoring pass. Minutes later, O. Lundy drilled a 28-yard strike into the end-zone to R. Magee for another TD. In the third quarter, C. Foreman carried the ball 15 yards for a ID. In the fourth, Foreman rambled 29 yards for another TD. Bogalusa got outstanding running from Foreman, Ikerd, and Plummer.

Wolves eat Jacks

BHS 7 SPHS 11

The St. Paul Wolves, using a ball-control attack and making the big play, whiped the Jacks in a crucial District battle. However, the Wolves had to forfeit their game because of an ineligible player. The first half ended 0-0. The Jacks had two scoring opportunities early in the second half, and capitalized on the second one. In the fourth quarter, St. Paul cranked up a 76-yard scoring drive, capped with a 41-yard field goal. T. Leos gave the Jacks an opportunity later when he recovered a Wolves fumble at St. Paul's 24. But the Jacks lost it to the Wolves when Oatis fumbled three plays later. Late in the 4th quarter, with the Jacks backed up on their own 10, St. Paul got a safety when a center snap went over Oatis's head and into the end zone.

Demons Destroy Jacks

BHS 2 FHS 12

With 50 seconds left in the half, the Jacks sat on a 2-0 lead and had the ball out-around mid-field. Bogalusa had controlled the entire first half and appeared to be completely in control. Oatis fumbled the center-quarterback exchange, and the Demons gain possession at Bogalusa's 45. On the second play, Franklinton's quarterback passed 45 yards to a receiver in the end-zone and the Demons had a 6-2 lead. With 10 seconds left in the half, Bogalusa tried to strike—only to be intercepted and run back 31 yards for a TD. The Jacks trailed 12-2 at intermission. In the second half the Jacks never played with the intensity and emotion they had exhibited in the first half. After the last 50 seconds of the first half, Franklinton owned the football game.

Jacks Whip Salmen

BHS 19 SHS 6

Bogalusa recovered from the Franklinton loss to whip Salmen 19-6 and earn a berth in the state playoffs. The Jacks finished second in District 8-AAA with a 4-1 record. Salmen scored on the second play of the game. Fortunately, Bogalusa's defense played with intensity while the offense was struggling. Key interceptions by Plummer and Donnie Adams saved the Jacks from further harm. And then it happened, with just 2:50 in the half, Oatis hit Pigott for 19 yards, M. Ward for 44, and Harris for 21 yards and the TD. M. Murray hit the point-after. Two plays later, Bogalusa had the ball again. Oatis hit Ward on a 42 yard scoring pass. Bogalusa put the game out of reach in the third quarter by marching 91 yards for a TD.

Jacks Pounce on Wildcats

BHS 20 DHS 9

In the opening round of state Class 8-AAA playoffs, Bogalusa Lumberjacks hung a 20-9 licking on the Destrehan Wildcats. First possession, Oatis hit Magee for 12 yards and then nail M. Ward for 43 yards to the Destrehan 28. Oatis rolled left, broke the outside containment and went 24 yards for TD. M. Murray hit the point-after for a 7-0 lead. Destrehan quarterback fumbled after being hit by tackles G. Bennett and S. Smith. Johnny Crain pounced on the loose ball, and two plays later, Oatis sneaked it in. Destrehan then marched for a TD with 14 seconds left in the half. The Jacks drove 68 yards for a TD midway fourth quarter. Scott Miller who had an outstanding night with 11 tackles and 4 quarterback sacks.

Bogalusa Losses

BHS 6 SMHS 7

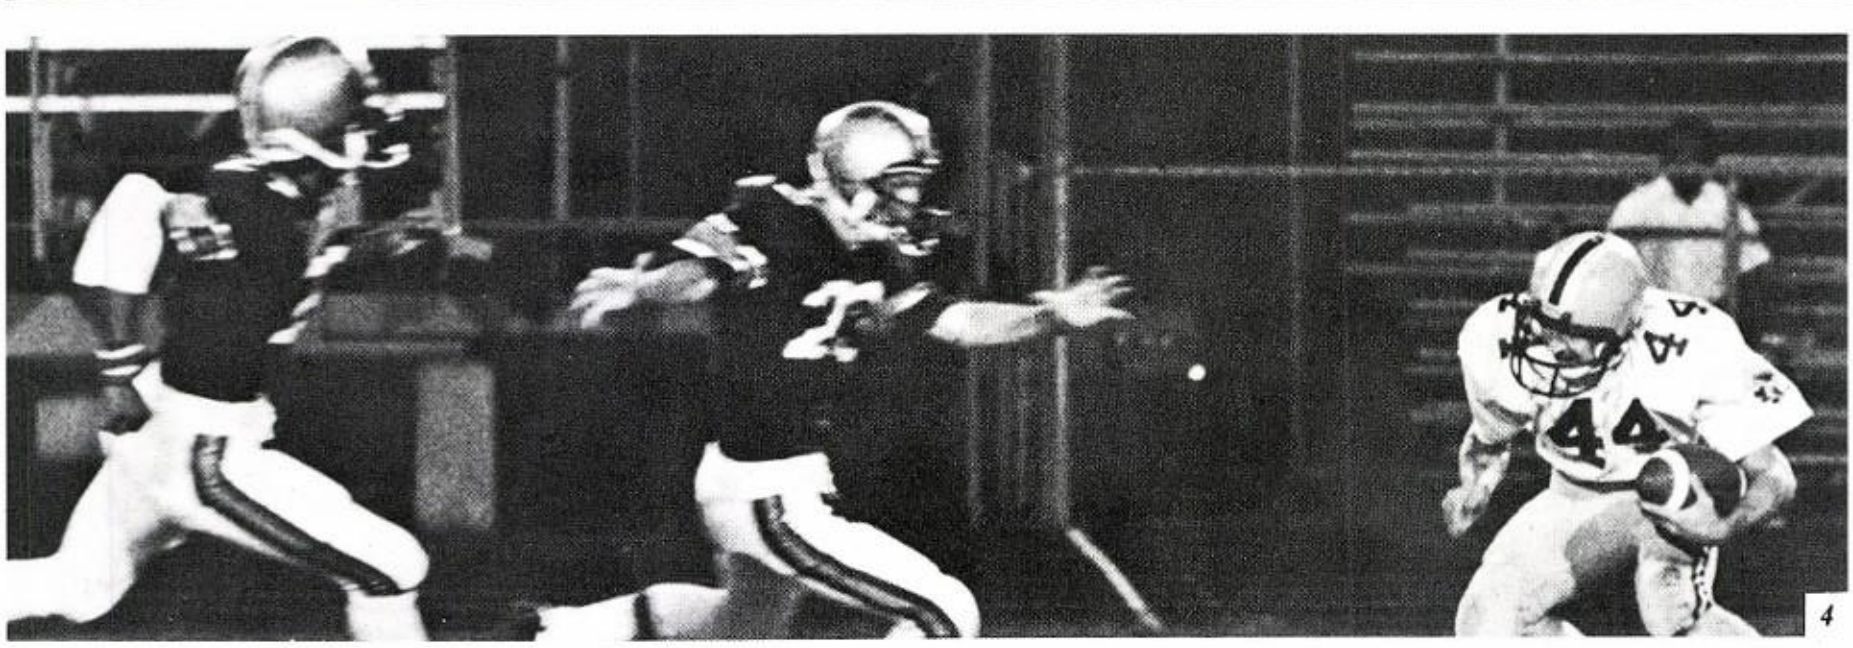
History will record only what the scoreboard read: St. Martinville 7, Bogalusa 6. These historical facts should be added:

—the Jacks played with character, intensity and emotion.

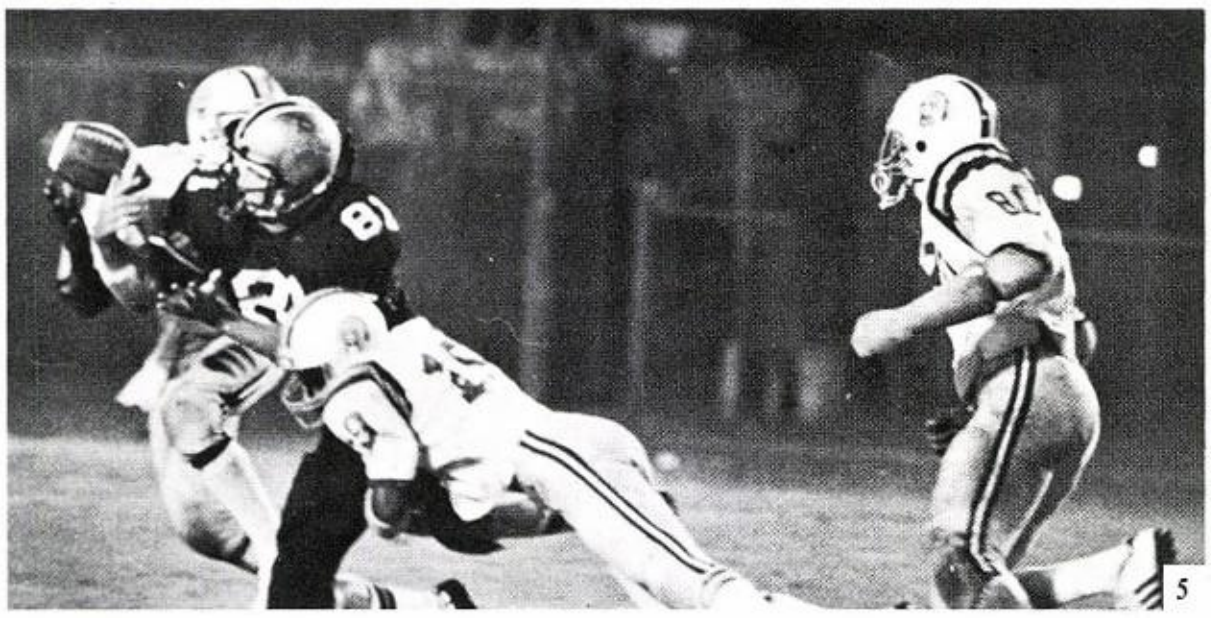
—Bogalusa's defense took St. Martinville offense and staffed it, jammed it, hammered it and sent it back to St. Martinville a beaten pump.

—mistakes, such as two pass interceptions Bogalusa suffered at St. Martinville's goal line, simply cannot be made in a state play-off game.

The bitter battle was decided by a missed extra point after the Jacks scored with 4:10 left in the contest. Oatis, the holder, bobbled the snap from center and the ball never really got off the ground. St. Martinville ran out the remaining time on the clock.



4



5

1. Coach Murray encourages his team as seconds tick away. 2. David Knight and Scott Miller prevent another touchdown. 3. Larry Lassley and Jeff Penton know their team is headed for the playoffs. 4. Robert Williams and Jeff Ikerd scramble to stop their opponents' gain of yardage.

B-Jacks Are Champs Again

The Bogalusa Beejacks of coaches Calvin Hymel and James Raborn wrapped up the district 8-AAA junior varsity title. In District play, the Beejacks rolled up 172 points while just giving up 18. A lot of Bogalusa's scoring came on passes from quarterbacks Larry Lassley and Tim Thompson. Bogalusa was always dominant along the line of scrimmage behind such players as Robert Brown, Joey Dudley, Blake Crosby, and Ricky Warren.

Jacks Have Impressive Season

When basketball season started some students did not expect much. Just the opposite happened! The Jacks basketball team had an exceptionally good season under Coach Troy Ricks. Highlights of some of the district games are—BHS vs Mt. Hermon

Mt. Hermon walked away a 65-64 winner on a six-foot jumper by a Mt. Hermon player with just 3 second remaining. BHS led 14-9 at the end of the first quarter and 28-24 at the half. The Jackers scratched back and finally managed a 44-43 lead in the opening second of the 4th quarter. The lead changes hands eight times down the stretch before the last-second shot ended all the suspense. BHS vs Covington

Bogalusa's Jacks played a bad game to lose to the Covington Lions 74-61. Covington jumped to a 37-23 lead at the half, withstood a BHS rally that brought the Jacks to within seven points in the 4th quarter, and pulled ahead for the triumph.
BHS vs Franklinton

The Jacks scored a 60-47 victory over archrival Franklinton's Demons. The Jacks jumped out to a five point lead in the first quarter that held up until the half. Third quarter sounded the death knell for the Demons, as the Jacks reeled off 20 points to the Demons 11 to ice the contest.
BHS vs St. Paul

The Jacks administered a sound thumping to St. Paul's Wolves 70-32. The Wolves shot under 30% in the first half, and the Jacks' collapsing zone defense took the inside game away. The Jacks just would not allow a second shot. They blistered the boards for 45 rebounds with center Sean Smith and forward Bruce Plummer leading the way.
BHS vs Amite

The Jacks were out-shot, out-rebounded, and out-hustled by a tough Amite club to the tune of 70-58. By the end of the first half, the Jacks were still alive 44-32, the third quarter the Jacks seemed rejuvenated somewhat, and Sean Smith and Magee both blocked shots that were converted into points by Lundy and Bruce Plummer. A couple of stolen passes and missed shots and the Warriors were back ahead to stay.
BHS vs Mandeville

The Jacks lost a heartbreaking 51-48 double overtime loss to Mandeville's Skippers. The Jacks played well enough to win, and with a break here or there they could have won it. Regulation play ended tied 41-all, and the teams came out of the first overtime tied at 45. But Mandeville outscored the Jacks 6-3 in the second extra session to pull out the win.

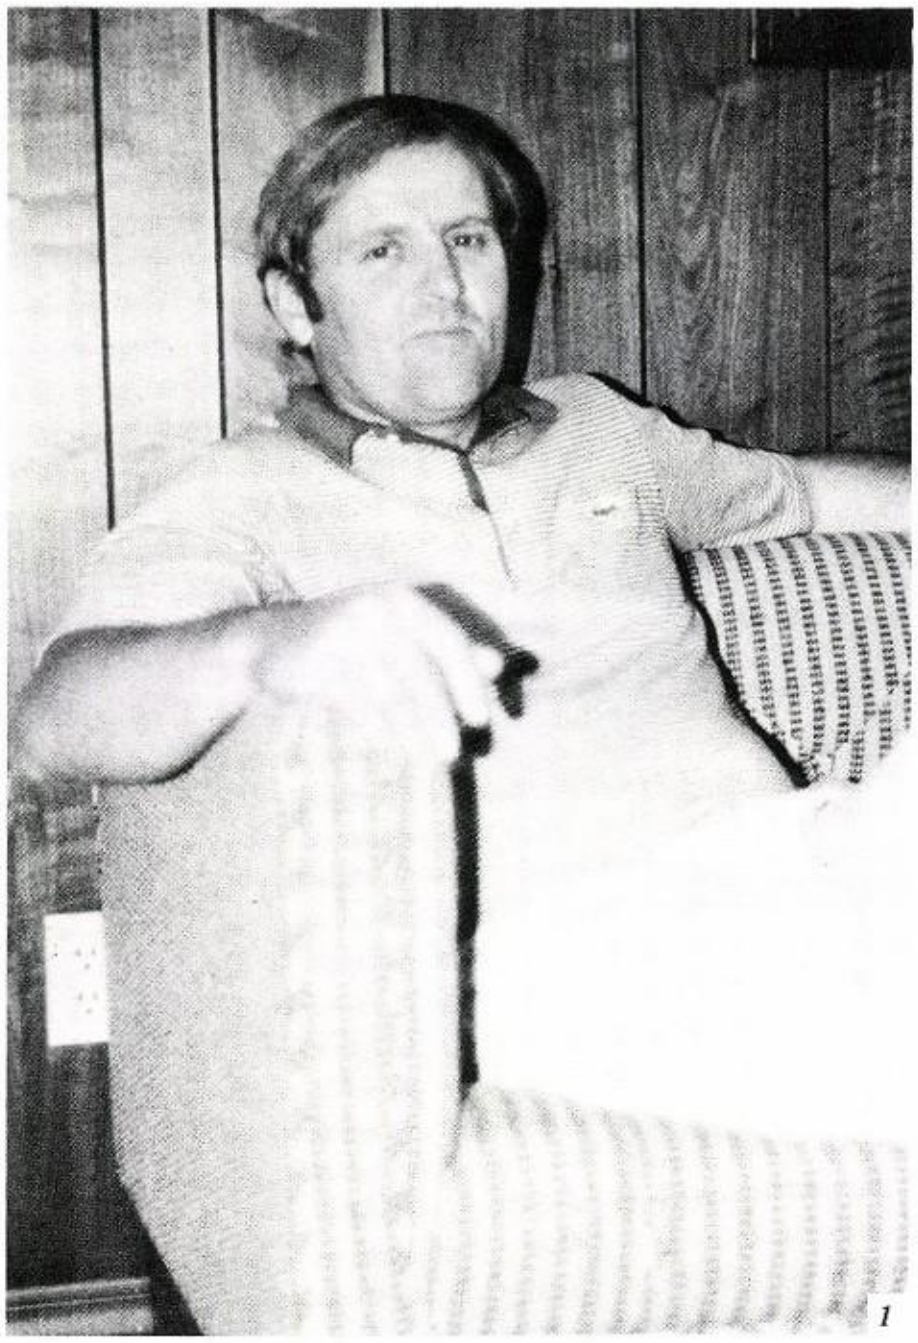
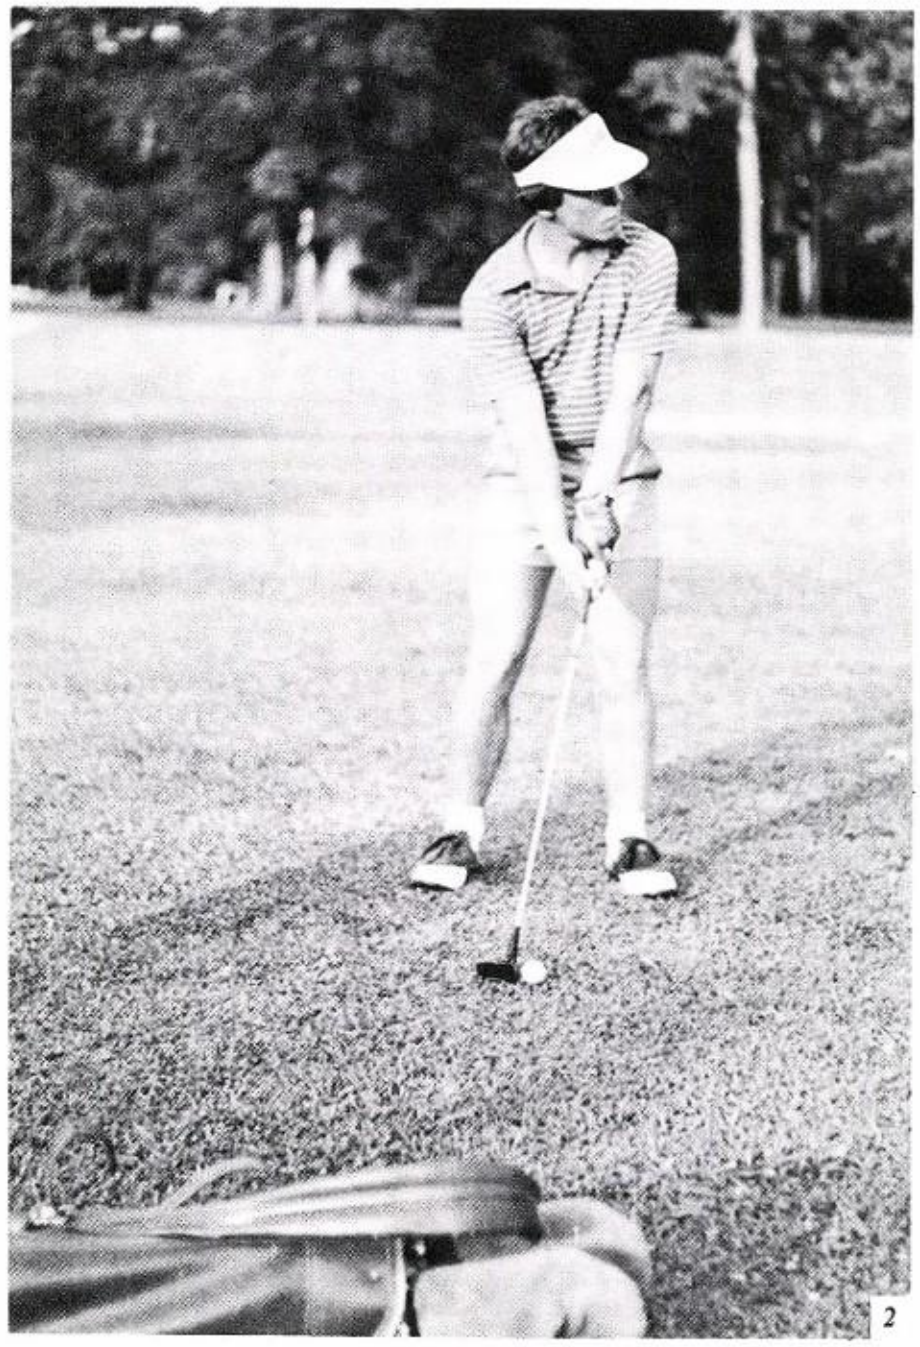
Golf Focuses On Concentration



1



2

A spring sport, golf involves extreme concentration and utilizes a player's ability to analyze distances and coordinate them with the correct force involved in the swing. This strategic motion centers around the movement of the arms and twisting of the waist as the golf club is brought behind the player's back. Golf is not an easily mastered sport, for even the most intricate miscalculated swing can prove disastrous.

BHS Tracksters Place Second in Regional Meet

The boys track team led a vigorous season this year. Altogether the team paced through numerous meets which demanded excellent performances. The team competed well throughout their season.

The Jacks looked fairly impressive as they moved into a strong second behind John Curtis during the early events at a Bogalusa meet. Senior Greg Weary put Bogalusa in good shape with first-place finishes in the 110 meter high hurdles and the high jump. In the field events, Toby McSwain got a first with a vault of 12-6.

The BHS track squad rebounded for a very respectable fifth place in a large eleven team meet held at John Curtis. Weary tied the school high jump record with a jump of 6-3 and also took a first place in the 110 high hurdles.

The BHS trackmen scored a slim victory in a dual meet with Hammond Tornadoes 55-53. The team of Albert Oatis, Robert Williams, Richard Payne, and Rogie Magee took first in the 400-meter relay. In the 1600 meter relay the team of Jimmy Williams, Greg Weary, George Spivey and Michael Brister won. Payne also took first in the 100 meters. Bogalusa also got a first place finish out of Mike Brister in the 800. Senior Greg Weary took first in the 110 m high hurdles and in the high jump. In field events, Sean Smith took first in the shotput, while Toby McSwain was first in the pole vault.

The Bogalusa Jacks and the Mandeville Skippers had a showdown in the 1600-meter relay in the Slidell track meet. Bogalusa won the race, but not the meet. Just as expected, the Jacks dominated the track events. BHS finished first in the 1600-meter run, 110-meter high hurdles; 100-meter dash; 800-meter run, 400-meter relay team, 200 meter dash, and the 1600-meter relay.

Jimmy Williams shattered the BHS record for 3200-meter run and Toby McSwain equalled the school's mark for the pole vault as the Jack track team rolled to a second place finish in the 4-AAA Regional Track Meet. The Lumberjack 800-meter relay team also shared the spotlight. The team of Keithon Brown, Albert Oatis, Rogie Magee, and Richard Payne placed first and claimed the regional title. State qualifiers were Greg Weary in the 110-meter high hurdles, Mike Brister in the 800-meter run, and Rogie Magee in the 200-meter dash.

The tracksters made a strong showing, claiming four first place finishes in the six events. Bogalusa's Linda Spikes finished first in the 100 yard high hurdles; Penny Douglas finished first in the 100 yard dash; Tina Ratliff finished first in the high jump and the 400 meter relay team crossed the line first.

Coach Eddie Walker's Lady Jacks aided by an impressive performance by Tina Ratliff in the field events, put their best feet forward on the track and fought back from an early deficit to tie Mandeville's girls going to the final event of the meet. However, the 1600-meter team battled Mandeville every leg of the final event only to come up just over 10 second short to lose the meet. The Lady Jacks qualified participants in 11 of the 13 events at the meet.

Four members of the Lady Jacks track team qualified in regional competition held at Destrehan High School for the state track meet. Laveta Sowell, Louise Adams, Audrel Williams, and Sherri Fields will make the trip to state. Sowell will compete in two events, the 100-meter dash and 1600-meter relay. Adams, Williams and Fields complete the relay team.

Overall, the Lady Jacks did very respectfully for a track team in only its first season. They finished the regional meet, tied for fifth place.

Band Hits High Note

1

So you thought that all the BHS Band did was perform for pep rallies and football games?! well, to begin with, the band had many money-making projects. They sold calendars, cheese, oranges, raffle tickets, candles, and candy to earn money for future trips. The band marched in the Fair parade, the Krewe of Mardi Gras parade in New Orleans, and Bogalusa's MCCA parade. Auditions were held for the District Honor Band at SLU with members of the band participating. There were also two festivals held at SLU with solo performers and the different bands in our district competing against each other for recognition and awards. Lastly, two students, Trula Haley and Ruth Branch, qualified for auditions in the All-State Band. The BHS band kept busy under the direction and guidance of Dr. Jim Franklin.

Spirit is the main part of a cheerleader's personality. Each week it is a cheerleader's duty to arouse spirit among the student body and the faculty. Yelling, decorating the stands, selling fight tags, and organizing pep rallies are important tasks the cheerleaders do to inspire spirit. The cheerleaders are always there to support the fans and team, never failing.

They were among the most talented and spirited groups at Bogalusa High School. With the help of their sponsor, Mrs. Beth Breland, the Paperdolls danced away to everything from "Chattanooga Choo Choo" to "Hit Me with Your Best Shot." Being a Paperdoll was not all smiles and hairspray. Many hours were devoted to practices after school and fund-raising projects.

SAK Has Year of Fun & Work

1

SAK began the year of fun and work projects long before the opening of school. During Prep Week, SAK members gave their time and efforts in helping to get all BHS students photographed. Tags and spirit banners boosted school spirit; sandwiches and other snacks were served to the visiting coaches, press and other officials. SAK was represented in both the Fair Parade and the Homecoming Parade. The members treated their new pledges to pizza. The Christmas Banquet was celebrated at the home of Mrs. Griffth. SAK spent a majority of the year preparing for the annual Washington Parish Little Miss Pageant. SAK wound down the year with their Senior Banquet and a week in Florida.

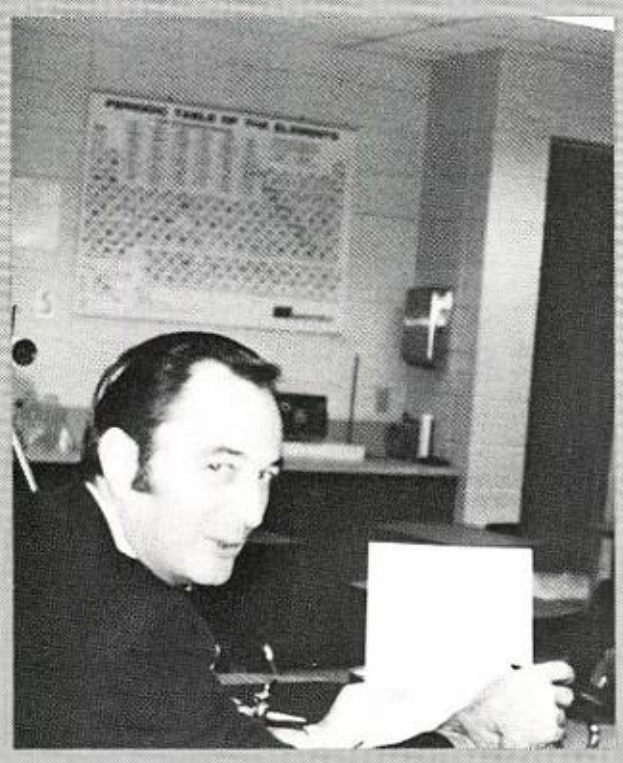
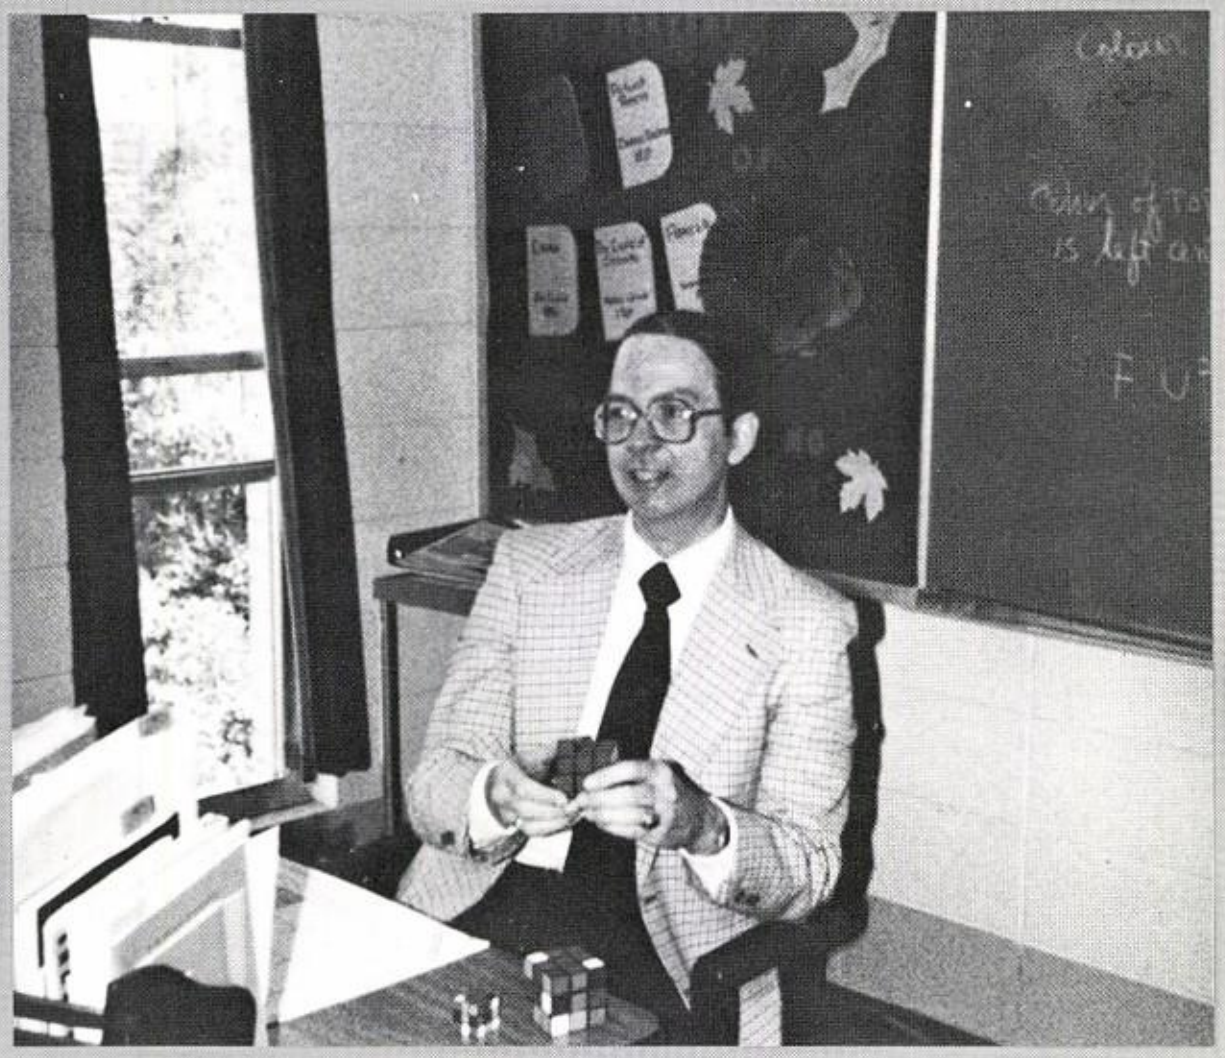
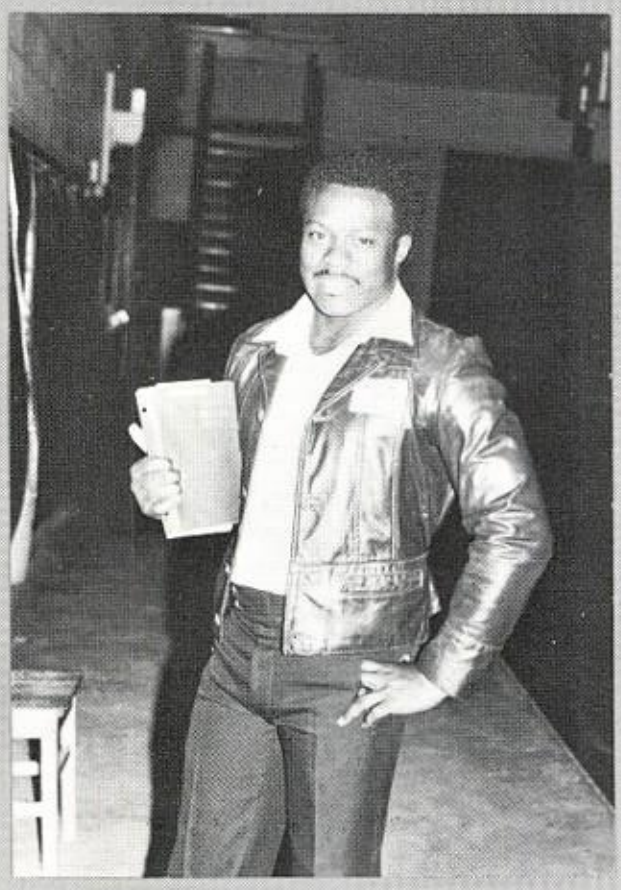
People Helping People







Superintendent J.L. Bickham

High School Supervisor—Georgia Martin

Supervisors—School Board

The School Board faces many important problems and decisions every year. One of the more prominent problems in 1982 was deciding how to cut operating expenses after the failure of a one-cent sales tax. A shift to a four-day school week was even discussed to save power and heating costs. Like Superintendent Bickham said though, "That would be real popular with the kids, but I don't know how popular it would be with the parents."

Another decision made by the school board was the appointment of a new superintendent. The Board unanimously voted to appoint Dr. Ehrbright from Hammond, Louisiana.

Principal Mr. Richard Cothern

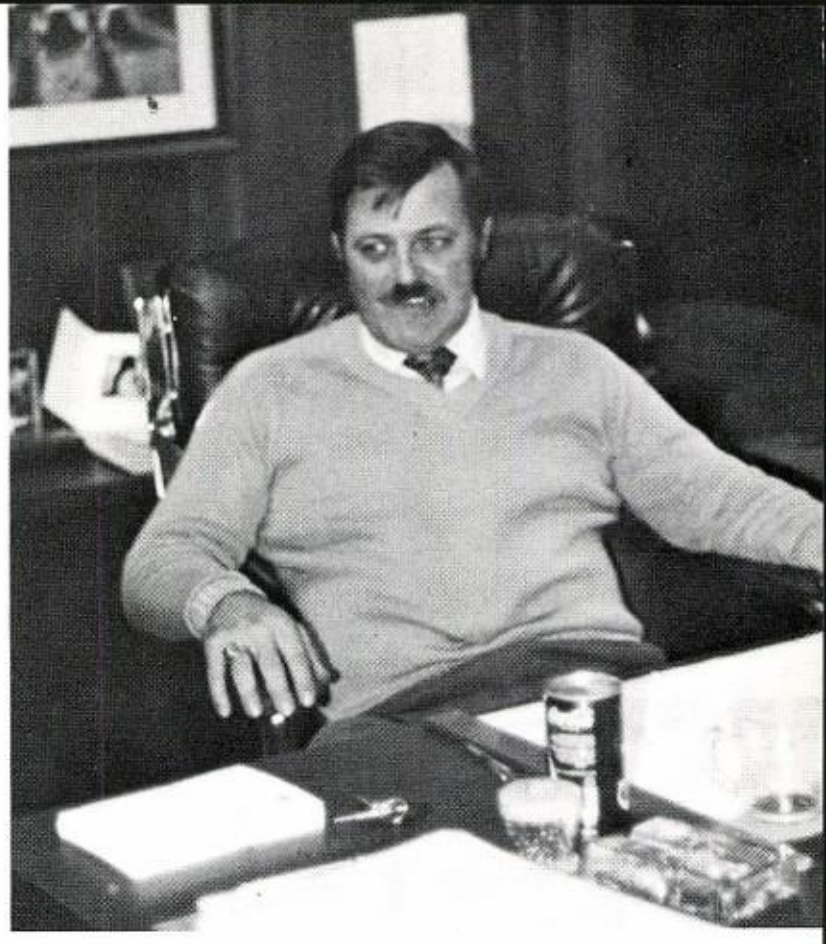
Administration

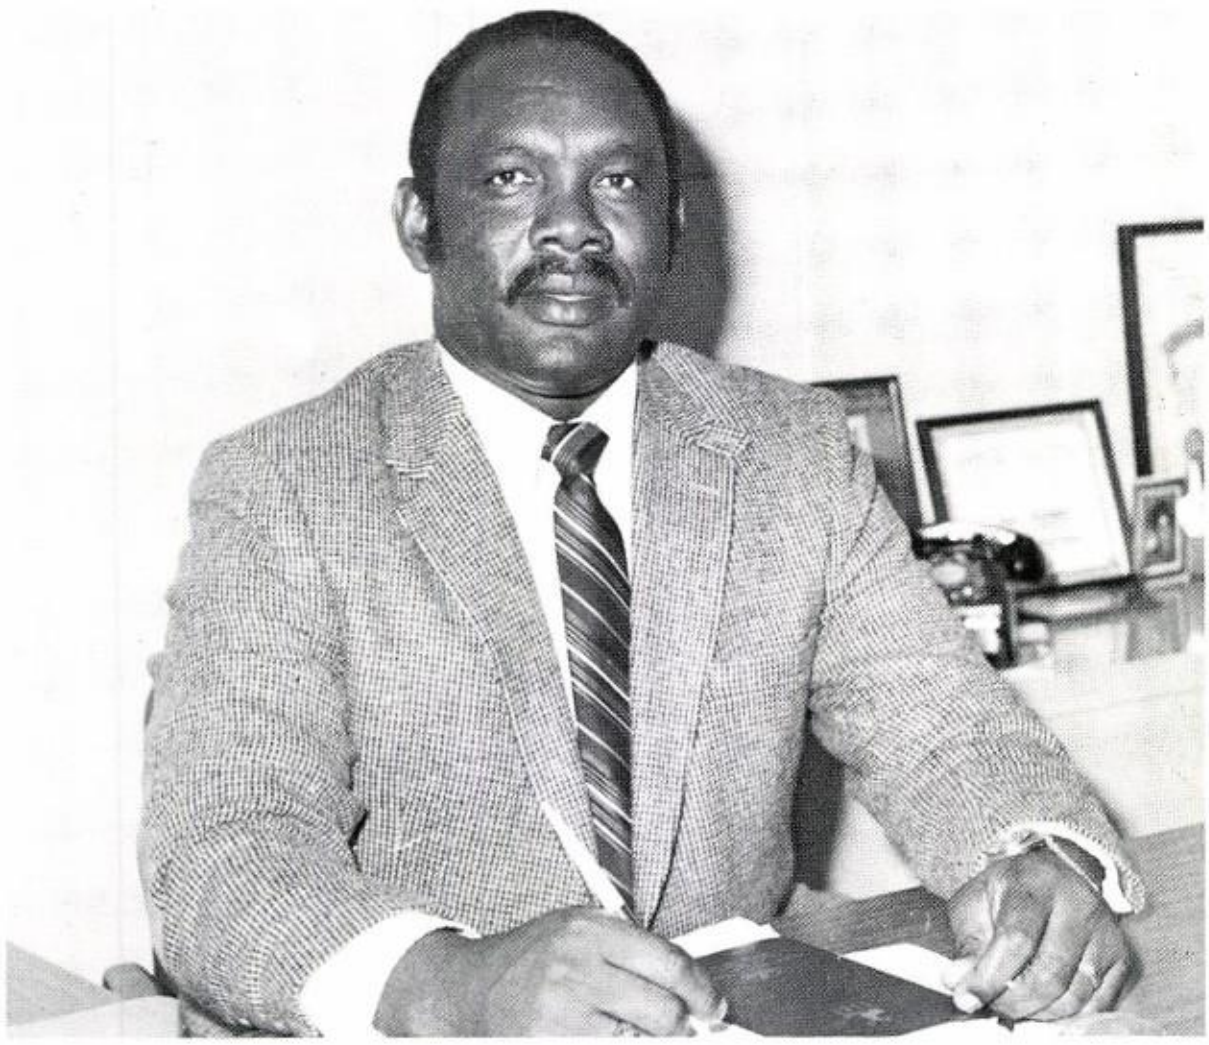
Mr. Cothern has completed his second year as principal of BHS. Previously, he served as a chemistry teacher and later as an assistant principal. He spends many hours performing the duties of his office and creating a pleasant atmosphere at BHS for its faculty and students. In his leisure hours, he enjoys hunting and fishing.

Mrs. Chatmon is continuing her many years of service to BHS as an assistant principal. Her numerous responsibilities include curriculum development, teaching assignments, and organizing our rally participants. She has become invaluable during her extensive term at BHS.

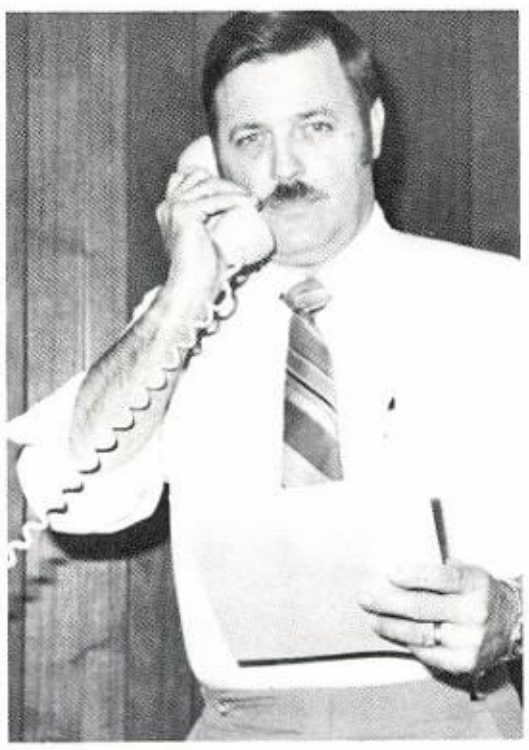
Mr. Magee handles all disciplinary actions regarding students. His judgment and wisdom in school affairs makes his position most important in the day-to-day activities of our school.

Assistant Principal—Mrs. Mary Chatmon





Assistant Principal—Mr. Gary Magee



Bookkeeper—Mary Francis Windham

Secretary—Arlene Mitchell

Office Personnel

There are persons at BHS that remain behind the scenes and are rarely mentioned. This group consists of the bookkeeper, the school secretaries, and school clerks. These people are necessary to the smooth-running and excellent efficiency of the school. Ms. Windham is the bookkeeper for BHS. Mrs. Powe is the receptionist for the front office, responsible for the flood of call-in absentees every day. Mrs. Frazier is the secretary for the entire guidance staff. Mrs. Mitchell is Principal Richard Cothern's personal secretary. Mrs. Adams is our secretary.

Secretary—Josie Powe

Secretary—Sue Adams

Guidance Secretary—Nettie Frazier

Mrs. Stevie Hoppen—12th Grade Guidance Counselor

Counselors

Our guidance office is constantly bustling with students reviewing college catalogs and scheduling classes and reviewing career plans. Our three guidance counselors are Miss Ada Hannibal, Mr. Chip Conerly, and Mrs. Stevie Hoppen. Miss Hannibal has the task of dealing with all of the frightened freshmen at the beginning of the school year. Mr. Conerly guides the tenth and eleventh graders. Mrs. Hoppen handles the seniors and prepares them for college and life on their own. Every student at BHS owes a debt of gratitude to these three for the efforts they put forth to make our stay at high school as pleasant as possible.

Social Studies and Commerce Departments. Louise Giddens, Randy Seal, Normel Keller, Lorraine Hall, Gloria Wolfe, Ann Harvey, Patsy Johnson, Debbie Bateman, Eddie Lawrence.

Social Studies—Commerce

Our social studies department attempts the harrowing job of expanding students' cultural understanding. Offering a wide variety of classes, the department accepted the challenge of enhancing the student's knowledge of social and economic factors that have affected mankind since the beginning of history. By studying social studies, each student learns how to become involved in the world he or she lives in. The year is filled with projects, reports, term papers, and oral presentations that make every student a little more aware of what is going on around him. BHS offers students a wide variety of courses dealing with the social sciences, ranging from civics and American history to current social problems and free enterprise.

English and Foreign Language Departments. First Row: Fannie Robertson, Jane Sheridan, Loraine B. Robertson, Karen S. McGhee, Jo Al Holcomb, Gloria Graves. Second Row: Jeri Stewart, Genevieve Starnes, Tommy Armour, Nelda Purvis, Sharon Bateman, Susan Magee, Beverly Merritt.

English—Foreign Language

Colleges today recommend that a mastering of a foreign language makes one a better student. Bogalusa High School offers Spanish, French, and Latin. Mrs. Holcomb, Mrs. Sheridan, and Mrs. Magee have organized an effective and exciting foreign language department allowing great opportunities for European travel and enrichment activities. This department has very active language clubs which promote social and cultural activities that further the understanding of their language. Reading, writing, and oral communication are stressed in these courses.

Man's desire to communicate with his fellow man is fulfilled through his study of the English language. Our English instructors strive to guide each of us in obtaining and practicing the principles of grammar and composition. Along with grammar, much emphasis is placed on literature. The development of creative and formal writing abilities is stressed by formal and informal speeches and research papers. Our English, speech, and classical literature courses, in short, teach us to appreciate and master our language.

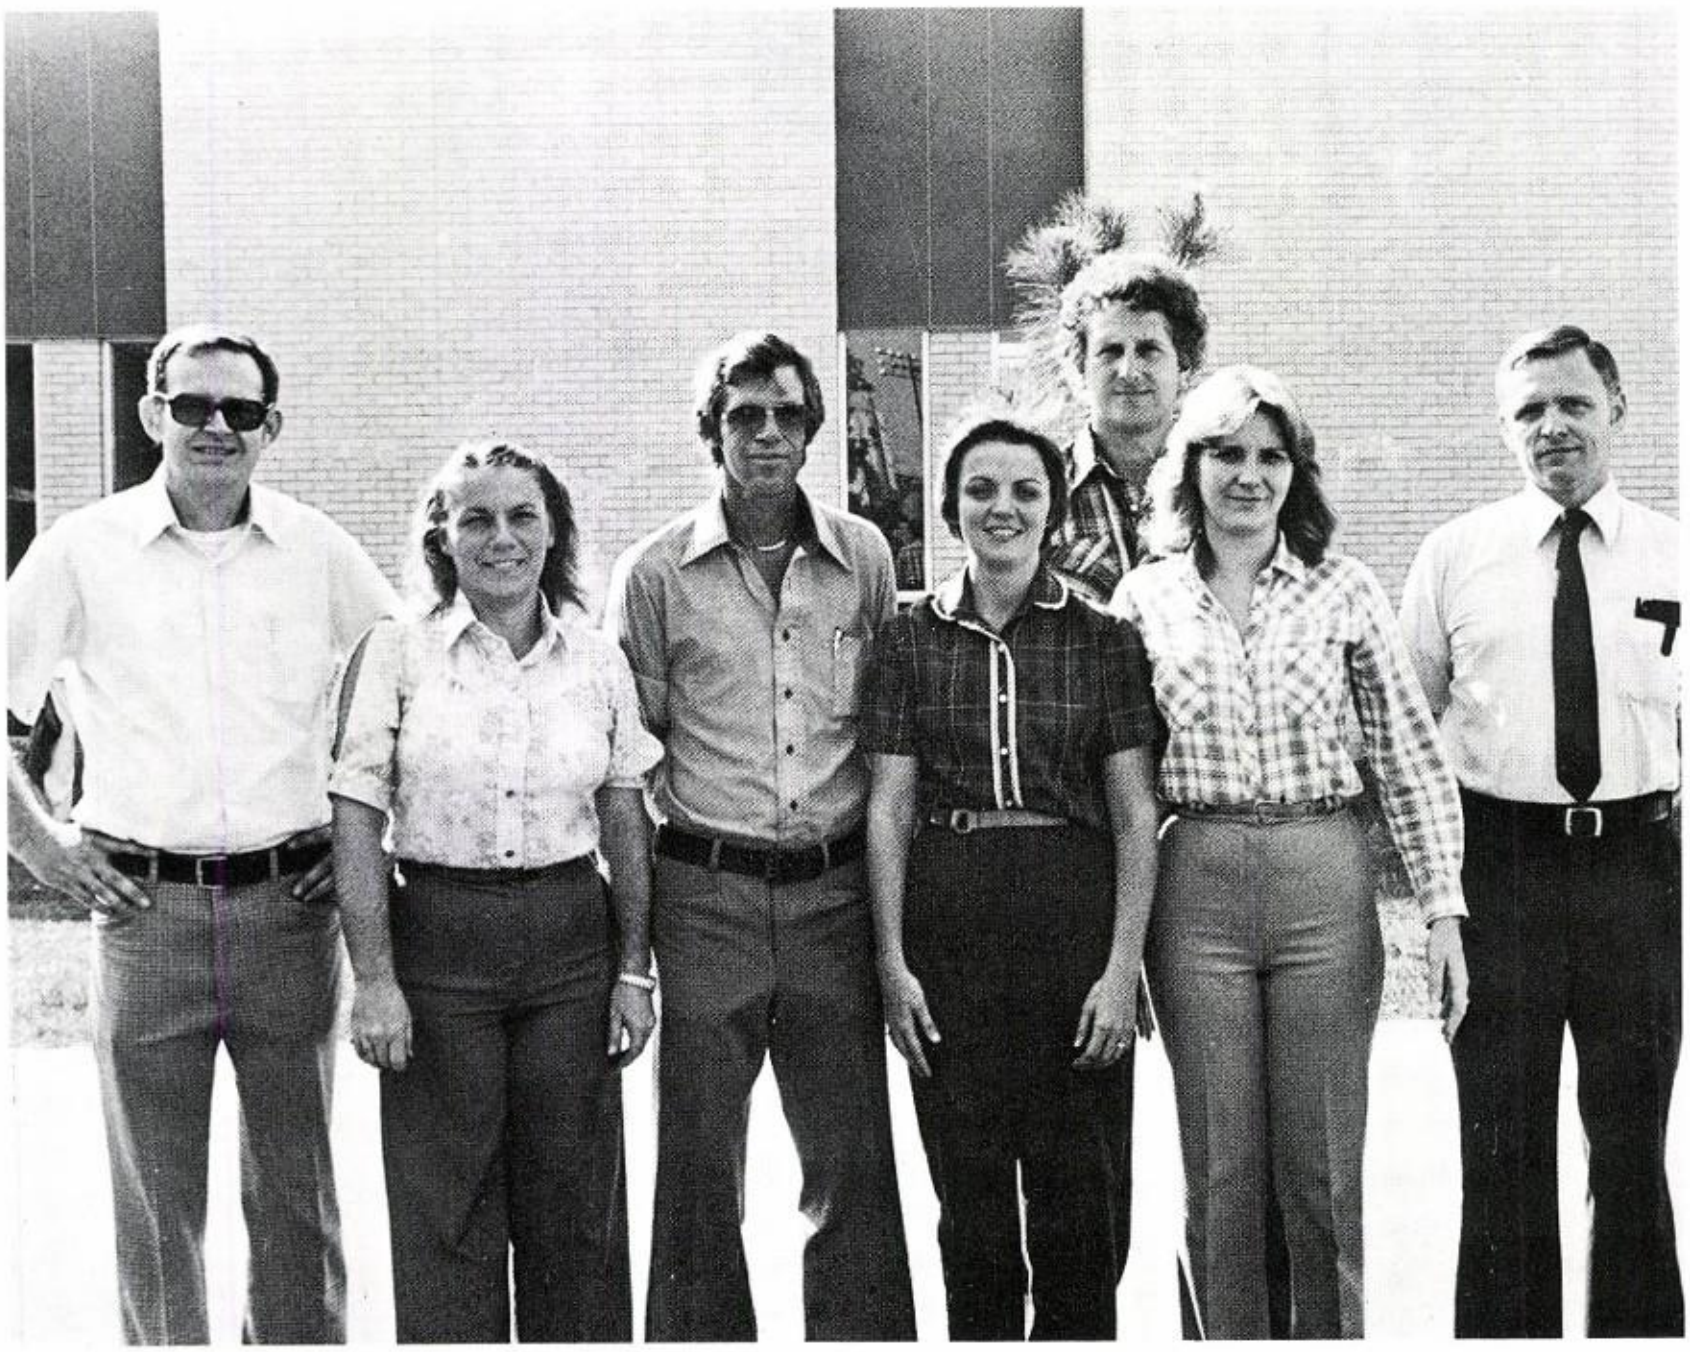
Science Department. John Fortenberry, Nelwyn Bailey, Mike Breland, Bobby Speights and Mary W. Barnes.

Science

This year's department of science consists of six teachers and four courses. These courses are general science, biology, chemistry, and physics. Mr. Speights and Mr. Raborn teach general science to the freshman class. Biology is a tenth grade subject taught by Mrs. Bailey, Mrs. Barnes, and Mr. Breland. These two subjects are mandatory for freshmen and sophomores. Chemistry and physics are used as electives or for completing a minor or major in science. Chemistry is taught by Mr. Fortenberry, and physics is taught by Mr. Wilson. Many methods of teaching are used, but one method that is common to most all the science courses is laboratory experimentation. Labs and experimental facilities provided practical application of learned material. From the dissection of animals in biology courses, to lab working with light in physics, to working with chemicals in chemistry, students enjoyed a variety of experiments in all science courses. Other methods of teaching included lectures, filmstrips, the use of visual aids, and individual study.



Mathematics Department. Michael McCraney, Ruth Horne, Douglas Horne, Holly King, Tom Pigott, Pat Penny, Wendell Wilson. Not Shown, George Magee and Bill Murray.

Mathematics

Mathematics is a highly specialized and complicated subject that requires an excessive amount of devotion. Precision and accuracy are a definite necessity. The course itself is an exception in that it does not get easier as one becomes more familiar with it. The deeper one gets into the format, the more involved and rigid it becomes. The one thing that does make it eaiser is familiarity and practice. The only time a concept becomes easy is when one has worked a problem a countless number of times. The staff of the mathematics department is well qualified as well as numerous. In mathematics, as in all academic disciplines, practice only enhances the total comprehension of presented materials. It is only through repeated application that math concepts become easier.

Members of the Physical Education Department. Calvin Hymel, Moses, Troy Ricks, Eddie Walker, Lewis Murray, Beth Breland, Larry Powe. Not shown: Buck Jordan and Olan Boatwright.

Physical Education

The goal of the physical education department at BHS is to achieve the peak physical and mental condition of every student. The gym classes help students to build stamina and endurance by exercises and sports. They also serve as training periods for the various teams, such as football, baseball, tennis, golf, paperdolls, cheerleaders, etc. With the help of BHS's talented instructors and coaches, students should learn the proper way to live a healthy life.

The drivers' education department endeavors to develop driving skills through the use of classroom instruction and practical application. The students practice their skills in cars under the supervision of Mr. Jordan and Mr. Boatwright. From the use of these cars and classroom lessons, the students learn effective methods of driving.

Agriculture—Art—Special Education—Shop

The special education department at BHS focuses on helping those students who cannot function in normal classroom activities. Our industrial arts classes teach students the value of vocational skills. They also, for the first time, built a storage shed and sold it to the highest bidder. Students with artistic talent find a way to creatively express themselves in the art department. They took numerous field trips, prepared our school's fair exhibit, and beautified our school at Christmas by decorating the window with Yuletide paintings. Agriculture classes show the importance of learning the fundamentals of farming and agricultural ideas and practices.

School Personnel

The cooks of Bogalusa High always provide us with delicious, well-balanced meals that never fail to surprise us. As in the past several years, their jobs have been especially difficult since they had to prepare two lunches—one for the regular lunch line and one for the sandwich line. Our custodians keep our school grounds clean by mowing the grass, raking the leaves, and picking up litter. Also, they perform tasks such as painting and making general repairs. These diligent workers keep our classrooms spotless and deserve our sincere appreciation for the magnificent job they do.

Janitorial Staff. Seated: Doyle Dyson, Johnnie Mae Fields, Louise Godbolt, Viola Rester, Ruby Buchanan and Bernadette Bradford. Standing: John Jones and Delores Dyson.

We live a short while on earth below,
Reluctant to die for we do not know
Just what "dark death" is all about
And so we view it with fear and doubt.
Not certain of what is around the bend
We look on death as the final end.
To all that made us a mortal being
And yet there lies just beyond our seeing
a beautiful life so full and complete.
That we should leave with hurrying feet
To walk with God by sacred stream
amid beauty and place beyond our dreams—
For all who believe in the Risen Lord
Have been assured of this reward
And death for them is just "graduation"
For life on earth is a transient affair,
Just a few brief years in which we prepare
For a life that is free from pain and tears
Where time is not counted by hours or years
For death is only the method God chose
To colonize heaven with the souls of those
Who by their apprenticeship on earth
Proved worthy to dwell in the land of new birth—
So death is not sad . . . it's a time for elation,
A joyous transition . . . the soul's emigration
Into a place where the soul's SAFE and FREE
To live with God through ETERNITY

Remember me when I am gone away.
Gone far away into the silent land;
When you can no more hold me by the hand,
Nor I half turn to go yet turning stay.
Remember me when no more, day by day,
You tell me of our future that you planned
Only remember me; you understand
It will be late to counsel then or pray.
Yet if you should forget me for a while
And afterwards remember, do not grieve;
For if the darkness and corruption leave
A vestige of the thoughts that once I had,
Better by far you should forget and smile
Than that you should remember and be sad.

I heard the trailing garments of the Night
Sweep through her marble halls!
I saw her sable skirts all fringed with light
From the celestial walls!
I felt her presence, by its spell of might,
Stoop o'er me from above;
The calm, majestic presence of the Night,
As of the one I love.
I heard the sounds of sorrow and delight,
The manifold, soft chimes,
That fill the haunted chambers of the Night,
Like some old poet's rhymes.
From the cool cisterns of the midnight air
My spirit drank repose;
The fountain of perpetual peace flows there,—
From those deep cisterns flows.
O holy Night! from thee I learn to bear
What man has borne before!
Thous layest thy finger on the lips of Care,
And they complain no more.
Peace! Peace! Oretes-like I breathe this prayer!
Descent with broad-winged flight,
The welcome, the thrice-prayed for, the most fair,
The best-beloved Night!

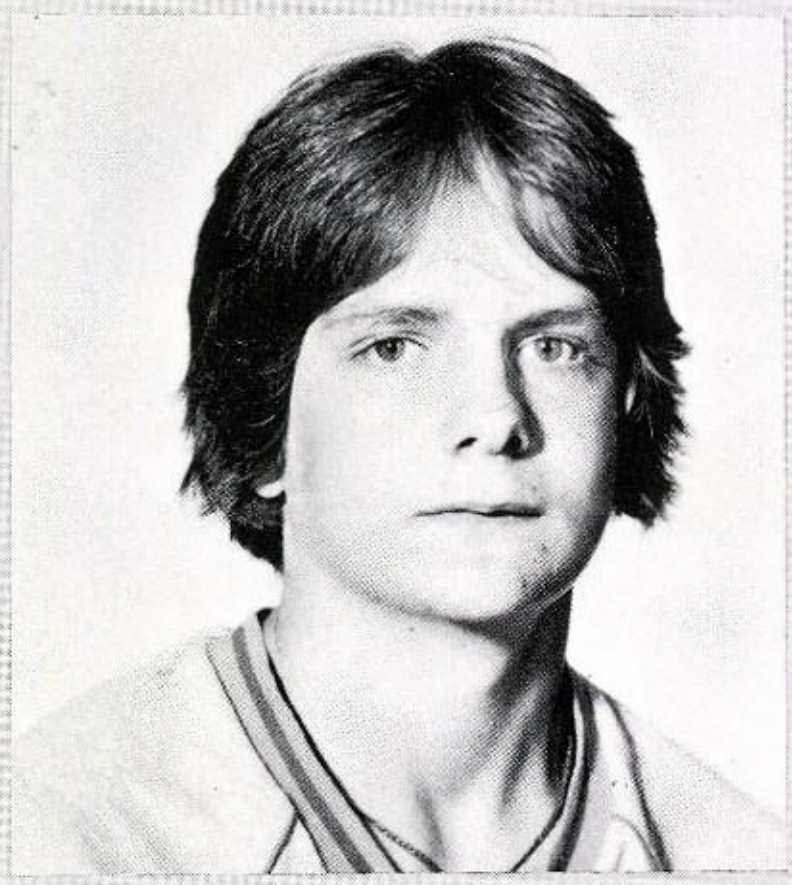
In Memory
Gary Wayne Hall



It is better to forget the things that hurt us,
And to live each day and take whatever comes,
With the hope that by tomorrow
There will come a balm for sorrow
And help to master life's important sums
There's a strength comes to us every time we suffer,
And our will grows strong every time we fight,
Let us then be doubly grateful
For the things that disappoint us;
Then only come to lead us to the light!

Bogalusa Modernization

Crown Zellerbach has reached a major milestone in the $120 million modernization of its Bogalusa containerboard mill with the start-up of one of the world's largest continuous pulp digesters.

The $34 million Bogalusa digester is the key element in a program launched in 1977 to modernize the 60-year-old pulp and paper mill and concentrate production on containerboard to supply the company's 13 southern and eastern corrugated container plants. The program is part of the company's $1.5 billion capital spending plan.

Capable of producing 1,300 tons of kraft pulp per day, the digester has a main vessel nearly 200 feet high and 22 feet in diameter. It is operated by specially trained personnel using a sophisticated computer system.
